

iStream Player is provided by stream2me and allows users to watch live TV and on demand movies and programmes on their computer.

This Privacy Policy is applicable to any personal information, which is given by You to Us ("User Information") via this web site (the "Site"). This Policy is devised to help you feel more confident about the privacy and security of your personal details.

"You" shall mean you, the user of the Site. "We/Us" means stream2me. "Users" means the users of the Site collectively and/or individually as the context allows.

We process personal data only in strict compliance with all Data Protection legislation.

When using the Site and its services You may encounter competitions, video and other services that may require You to enter User Information. Such User Information will be used in accordance with this Privacy Policy and for the purposes for which it was collected and for any other purposes specified at the collection point.

HOW WE MAY USE YOUR DATA

By entering Your User Information via this Site You accept that we may retain Your User Information and that it may be held by Us or any third party company that lawfully processes it on our behalf.

We shall also be entitled to use any of Your User Information for the following purposes:

1. To monitor and improve the Site and our services;
2. Market research, including statistical analysis of user behaviour which we may disclose to third parties in depersonalised, aggregated form;
3. In order to enable us to comply with any requirements imposed on Us by law or court order; and
4. Unless you have asked us not to, in order to send You periodic communications (this may be by post, telephone, SMS or e-mail), about features, products and services, events and special offers in relation to iStream Player. Such communications from Us may carry advertising for third party companies or organisations.

For your convenience you can withdraw consent by replying to the 'unsubscribe' link in marketing emails from us.

Please also note that we do not disclose Your User Information to third parties to enable them to send You direct marketing without Your permission to do so.

You should be aware that by using the site, information and data may be automatically collected through the use of Cookies. "Cookies" are small text files that store basic information that a web site can use to recognise repeat site visits and, as an example, recall your name if this has been previously supplied. We may use this information to observe Your internet use and, where applicable, Your use of iStream Player, to compile data in order to monitor and improve the Site, iStream Player services and target our and third parties advertising and assess general effectiveness of such advertising.

Cookies do not attach to Your system or damage Your files. If You do not want information collected through the use of Cookies, there is a simple procedure in most browsers that allows You to deny or accept the Cookies feature. Note, however, that there may be some deterioration in the service you receive and "personalised" services may be affected if the Cookies option is disabled.

If you do not disable the setting of Cookies, you consent to Your information being collected and used as set out in this Privacy Statement.
